RE-OPENING OF REMPLOY YORK

Petition to: The Rt Hon Gordon Brown Prime Minister

Dear Prime Minister

I have signed this petition calling on you to honour your pledge given at the Labour Party Spring Conference to look sympathetically at providing an alternative workplace for disabled people within the York area to enable them to regain the independence in employment that they had before the closure of Remploy. We respectfully request that you instruct the Remploy Board of Directors to work with the trade unions and local councils to enable a new York Remploy to rise from the ashes of the closed Remploy factory and restore dignity to the disabled people of York.
