## Who We Are

On March 8<sup>th</sup> 2008, the Remploy factory in York closed its doors for ever making around forty severely disabled people out of work.

Some people took the voluntary redundancy package, but significantly a high proportion elected to stay on Remploy terms and conditions.

Our purpose is to fill the void left by the closure of York factory with regards to the employment of disabled people.

We will provide an opportunity in York for decent employment for disabled people. We will, hopefully take on a young apprentice who will have the opportunity to learn woodworking skills that could stand him/her in good stead for the rest of their lives.

The City of York has no supported facility where disabled people could be engaged in sustainable employment being paid decent wages.

GMB and Unite Trade Unions have supported the idea of a manufacturing base within the City of York that would not only employ disabled people but would be run by disabled people.

That is why we are here, that is why we are passionate about the York Disabled Workers Cooperative. When you purchase a product from the York Disabled Workers Cooperative, you will not only be buying a first class product at a very competitive price but will also be helping to keep disabled workers in sustainable employment in the City of York.

## Our Products

### Birdtables

This Birdtable will enhance any garden or patio.

The sturdy design means that it will give you years of attracting our feathered friends to your house.

*Made in three sizes  
Two Styles: Deluxe and Standard*

Deluxe Birdtable

### Traditional Oblong Pine Planter

*Made in three sizes*

We all love flowers and the splash of colour they add to our gardens and patios.

What better way to show off nature's blooms than with this Traditionally Designed Pine Planter?
